Cyprus & Larnaca

Cyprus has a long history that offers a wide range of options to visiting tourists.

The island offers a variety of beaches to choose from, ranging from sandy, crystal-clear water bays to rocky coves. Each city has its own character and deserves to be explored, but all have one thing in common, the Mediterranean sun, shining 360 days a year!

With short distances, the island gives each visitor the opportunity to experience the wonders that Cyprus has to offer even during a short visit.

Larnaca, one of the most historic cities in the region combines everything a visitor may seek. Whether you want to enjoy a relaxing day at one of the blue flag beaches under the Mediterranean sun, visit historical sites and monuments or go for a morning stroll at the city center or Metropolis Mall for shopping, enjoy a variety of branded coffee shops or many traditional restaurants across the coastline.

We are convinced that your stay in Larnaca will be a truly memorable experience.
